## Welcome to Arun Automotive Limited

### Jaguar Land Rover Group specialists

Formed in late 2020, Arun Automotive took over the reins from Arun Ltd, a family run business established in 1974. Over the years, Arun Ltd embedded itself in the Jaguar fraternity, providing a wide array of Jaguars from past to present. With that heritage in mind, Arun Automotive sought a new perspective on how the customer needs to be treated and mapped out a strategy. Moving into a new era, at Arun Automotive we provide quality cars, services and components at a competitive rate within our market.

We operate a welcoming open-door policy, whether you are looking for a small run-around or a high end performance machine, we aim to provide every level of acceptance and professionalism whilst keeping a personal touch throughout your buying or servicing experience.

# RULES FOR TOP SCORE

- The course will consist of 12 obstacles which can be jumped in any order
- Fences 1 to 11 will be built to differing heights and each will carry a points value ranging from 20 to 120. The 12<sup>th</sup> fence will be a joker fence worth 200 points
- Time allowed is 45 seconds and the time starts when the competitor crosses the start line
- The competitor scores the number of points allotted to each obstacle, provided it is jumped clear. No points are scored for an obstacle knocked down
- An obstacle which is knocked down or displaced for any reason is not rebuilt. This includes the displacement of a lower element in the same vertical plane
- Each obstacle may be jumped twice to score. Jumping, voluntarily or otherwise, an obstacle for the third or subsequent time, or jumping or passing through an obstacle already knocked down or displaced, including the displacement of a lower element, does not incur elimination but scores no points
- Disobediences are not penalised since they decrease the time available in which to score. Following a disobedience, a competitor may either attempt the same obstacle again or proceed to the next obstacle of his choice. A second or subsequent disobedience does not incur elimination but the Judge may retire a competitor if it becomes apparent that repeated disobediences have destroyed all chance of the competitor featuring in the prize list
- The bell is rung as soon as the time allowed is reached. The competitor must then cross the finishing line in either direction to allow their time to be recorded. If they do not cross the finishing line, they are placed last of the competitors with the same number of points
- The number of points allotted to the last obstacle jumped clear will be included in the competitor's score provided the horse has already started to take off at the moment when the time allowed is reached
- Jumping an additional obstacle or obstacles after the bell has been rung is not penalised
- The Joker may be jumped twice to score. If jumped clear, 200 points are added to the score, but if the Joker is knocked down, 200 points are deducted from the score
- In the event of equality of points, time decides

# I.C.E HORSEBOXES

Every Luxury for Horse and Rider

I.C.E. Horseboxes are a family run business specialising in the build and supply of luxury horseboxes. Situated Merstham, Surrey all of our horseboxes are handcrafted to the highest specifications.

Our new build lorries are coach built with over 25 years of experience and expertise. Only the very best materials and products are used with the aim that your horsebox will look as good in 5 years' time as it does today.

A range of stock horseboxes always available, both new and used. We can also design a horsebox to suit your needs using one of our stock chassis or your own chassis.
